

INTRODUCING
THE NEXT LEVEL
OF INNOVATION.

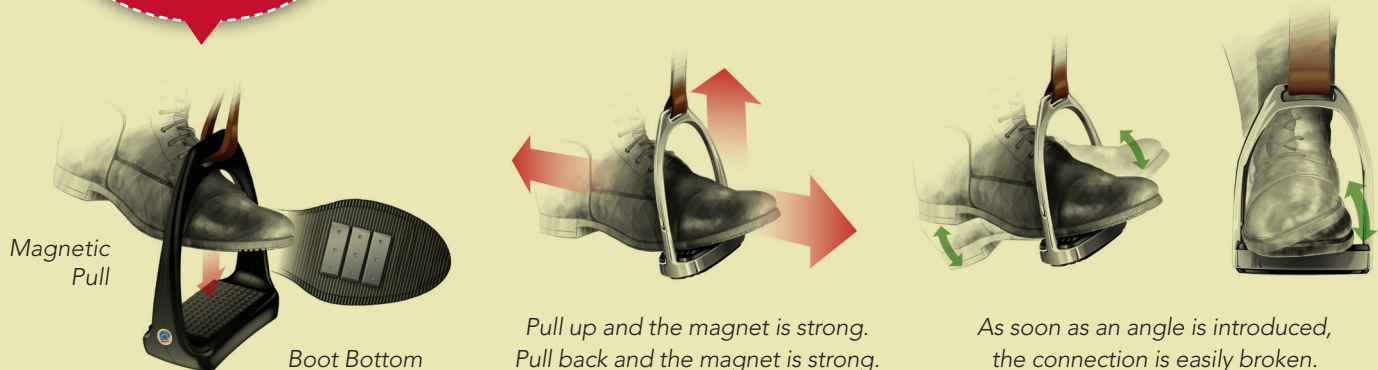

OnTyte™ Magnetic Stirrup System

Where Tradition Meets Technology. The OnTyte Magnetic Stirrup System has been called the greatest innovation in riding today. Our new OnTyte Paddock Boots meet that same high standard of engineering, performance and quality, with built-in the OnTyte sole that secure the boots within the stirrups. In addition to the safety and performance benefits of the complete system, OnTyte Paddock Boots feature calfskin leather and Italian design for comfort, durability and style.

For more information on our new OnTyte Paddock Boots and the complete OnTyte Magnetic Stirrup System, visit OnTyte.com.

HOW IT WORKS

Magnetic
Pull

Boot Bottom

Pull up and the magnet is strong.
Pull back and the magnet is strong.

As soon as an angle is introduced,
the connection is easily broken.
